# Weather Key Points

Regional Operations Center

Western Region

Sunday, August 28

- Elevated fire weather conditions are expected across some mountain and foothill locations across the state each afternoon through the week, as winds remain locally breezy
- Cooler temperatures continue through Monday, before hotter conditions return for the middle and latter portions of the week, when moderate to locally high heat risk impacts will redevelop
  - Some daily record high temperatures are possible for the latter half of the week
- Isolated showers and thunderstorms are possible across the northern Sierra on Monday; otherwise, dry weather is expected across the state through much of the week
  - A few storms could return to interior Southern Region late in the week, but confidence in this possibility is currently low

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-81746, 8/27/2022, 2257 hours:** IERCC advised of an InReach “SOS” activation at GPS coordinates 37.732319, -120.376167 plotting to Lake Don Pedro in Tuolumne County. IERCC advised that the RO of the device was reporting that another party had just been involved in a serious boat accident on the Lake. There were up to 8 occupants in the boat all with unknown injuries. There was a report that one female had been ejected from the boat and was unconscious but breathing. LDO contacted Tuolumne County SO and confirmed they already had multiple reports regarding this accident and had multiple ambulances along with an air ambulance in route to the scene. **Update, 08/28/22, 0024 hours:** Tuolumne County SO advised that they had located the crash, and all victims needing transport had been removed from the scene. **Mission Closed.**
- **2022-LAW-81738, 8/27/2022, 2013 hours:** IERCC advised of an InReach “SOS” activation at GPS coordinates 37.858785, -119.202175 plotting to an area near Lower Sardine Lake in Mono County. IERCC advised that the RO of the device was reporting 10-year-old boy experiencing what they believed to be altitude sickness. He was nauseous, with a headache. LDO contacted Mono County SAR and provided them all available information. **Update, 1038 hours:** LDO received update from Mono County SO who advised the 10 YO was sleeping and they were going to let him rest until morning. At that time depending on his condition, they may use a helicopter to extract him. **Update, 08/28/22, 0630 hours:** The 10 YOA is feeling better this morning and is now walking out to an extraction point about 4 miles away. **Mission On-Going**
- **2022-LAW-81734, 8/27/2022, 1944 hours:** IERCC advised of an InReach “SOS” activation at GPS coordinates 36.822492, -118.835335 plotting to Horseshoe Bend near HWY 180 in Fresno County. IERCC advised that the RO of the device was reporting two people stranded at the bottom of the canyon at that location. LDO contacted Fresno County SAR and provided them all available information. **Update, 8/27/2022, 2104 hours:** Fresno advised they had new reports that a vehicle with two occupants may have gone off the roadway into the canyon. **Update, 2345 hours:** Fresno advised no vehicle over the side, but there were two people at the bottom of the canyon needing assistance to get out. Fresno is planning and preparing for a morning extraction. **Mission On-Going.**
- **2022-LAW-81722, 8/27/2022, 1630 hours:** IERCC advised of an InReach “SOS” activation at GPS coordinates 36.788353, -118.552523 plotting within Sequoia Kings NP (SE/KI) in Fresno County. IERCC advised there was no message, but they were able to contact the Emergency Contact who reported that the RO and his wife, who are 65 YOA, are on day 9 of a 10-day hike. LDO contacted SE/Ki NP dispatch and provided them all available information. **Update, 8/27/2022, 1741 hours:** IERCC advised that they were able to contact the RO who advised he made the activation because his wife had become lost. A short time later he was able to locate her uninjured and no longer needed assistance. **Mission Closed.**
- **2022-LAW-81730, 08/27/2022, 1507 hours:** AFRCC advised of a PLB activation at GPS coordinates 32.661667, -117.083333 plotting to an area with a 0.5-mile radius in the City of San Diego. LDO contacted the AFRCC who stated the PLB had been previously reported as stolen, and it could no longer be detected by Satellite. AFRCC stated they would continue to monitor to see if the PLB would start to broadcast again. **Update, 1645 hours:** LDO was contacted by AFRCC who stated the activation had timed-out and they were closing their mission. **Mission Closed.**

# Cal OES LAW ENFORCEMENT MISSIONS
